Compuload 6000 or 5000

Compuload 4070 Printer

Versatile Printing

The New Compuload 4070 printer is supplied as an add on plug in module to suit both the Compuload 5000 and Compuload 6000 series weighing systems.

This new technology thermal printer allows all weighing data together with any stored information to be printed on a thermal paper roll.

Printed data will include:

- Prints two line company heading*
- Prints individual lifted weight*
- Prints progressive total weigh*
- Prints date and time*
- Prints product name and code*
- Prints customer name and code*
- Prints truck number and code*

Field names may be varied to suit individual applications

Join the thousands of users using the reliable, accurate and low maintenance Compuload Weighing Systems
